PRESSURE SEWER

In locations and/or applications where Gravity Sewer is not available, additional Pressure Sewer fees may apply. Pressure Sewer fees may include installation of the grinder pump and control panel.

Installation does NOT include:

- 1.) Electrical service and power disconnect. The homeowner shall hire a licensed electrician to connect power supply to the pump control panel.
- 2.) Abandonment of existing septic tank, if applicable. Homeowner shall abandon septic in accordance with Mississippi Department of Health regulations.
- 3.) Connection of sewer service to the pump station. The homeowner shall hire a licensed contractor to make the connection.
