The plan is required by FEMA to have if the City desires to apply for any mitigation grants when available such as sirens, generators, and flood management projects. After hearing from Mr. Manley, the Board of Alderman considered the following resolution:

RESOLUTION FOR ORDINANCE TO ESTABLISH TIMES FOR SALE OF ALCOHOL

Nick Manley, City Attorney, presented this item to the Board.

Mr. Manley stated that the current times that alcohol may be sold in the City is 10:00 am to 2:00 am. There have been various requests by restaurants to extend the time earlier in the morning. In lieu of going through the process of issuing a "Resort Status" to each individual area, the Mayor's recommendation is to extend the hours within the City from 7:00 am to 2:00 am. Mr. Manley discussed this issue with MDOR and the City is able to petition MDOR to allow for alcoholic beverages/liquor be sold from 7:00 am to 2:00 am. The ordinance resolution will set for the City hours for sale of light wine/spirits and beer and the Resolution to ABC will request that the hours for the sale of alcoholic beverages/liquor by those holding on-premises retailer permits be extended from 7:00 am to 2:00 am. Assuming approval by ABC an order will be issued by the Mississippi Department of Revenue authorizing the sale of alcoholic beverages/liquor by those holding on-premises retailer permits from 7:00 am to 2:00 am. After hearing from Mr. Manley, the Board of Alderman considered the following resolution/ordinance:

ORDINANCE OF THE CITY OF SOUTHAVEN, MISSISSIPPI REGULATING ESTABLISHMENTS WHICH SELL OR ALLOW CONSUMPTION OF LIGHT WINE AND BEER

WHEREAS, the Mayor and Board of Aldermen of the City of Southaven ("City") are empowered to make regulations to serve the general health of the municipality pursuant to Section 21-19-1 of the Mississippi Code Annotated (1972); and

Minutes, City of Southaven, Southaven, Mississippi

WHEREAS, the Mayor and Board of Aldermen of the City are empowered to adopt any orders, resolutions or ordinances with respect to the care, management and control of municipal affairs and its property and finances for which no provision has been made by general law and which are not inconsistent with existing law pursuant to Section 21-17-5 of the Mississippi Code Annotated (1972); and

WHEREAS, municipalities are authorized to make proper rules and regulations and are empowered to prescribe hours for the opening and closing of establishments serving beer and light wines and for such other measures as will promote public health, morals and safety, pursuant to Section 67-3-65 of the Mississippi Code Annotated (1972); and

WHEREAS, the Mississippi Legislature has recognized the danger of unlimited consumption of light wine and beer to public health in Section 67-3-53 of the Mississippi Code Annotated (1972); and

WHEREAS, the Alcoholic Beverage Control Division of the Mississippi Department of Revenue also has recognized the danger of unlimited consumption of alcoholic beverages to the public health in the adoption of certain Regulations, which regulations provide for limited hours of sale and consumption of alcoholic beverages; and

WHEREAS, having investigated, studied and discussed the matter, the Mayor and Board of Aldermen find as follows:

1. The consumption of light wine and beer in public and private commercial establishments increases the likelihood, danger and severity of motor vehicular accidents, public disturbances and malicious mischief if consumption is allowed to continue without a time restraint;
2. Holders of on-premises permits for retail sale of light wine and beer should be prohibited from selling or permitting the consumption on the premises of the same after 2:00 a.m. or as otherwise provided by ordinance;
3. The consumption of light wine and beer at public and private commercial establishments between the hours of 2:00 a.m. and 7:00 a.m. is a present danger to the public health, morals, safety and welfare, as stated herein;
4. The closing of all public and private commercial establishments heretofore allowing the consumption of light wine and beer after 2:00 a.m. is necessary to rationally and reasonably address the danger to the public health, morals, safety and welfare, and regulation of the hours during which light wine and beer may be consumed in public and private commercial establishments is reasonably related to the promotion of the public health, morals, safety and welfare and is not oppressive, arbitrary or discriminatory.

WHEREAS, the Board finds and determines that the prohibitions contained herein are the most reasonable and minimal restrictions required so as to regulate conduct which is adverse to public order, health, morality, and decency within the City when such conduct takes place at locations where the public is present or is likely to be present, or where such conduct would be readily visible to the public.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Board of Aldermen of the City of Southaven, Mississippi as follows:

PLANNING AGENDA

Planning Agenda presented by Whitney Cook, Director of Planning & Development.

Item #1 Application by Global Signal Acquisitions to renew the Conditional Use Permit for a monopole tower located at 633 Goodman Road

Mrs. Choat-Cook stated that the applicant is requesting to renew the conditional use permit for a monopole tower located at 633 Goodman Road in the Rayburn Subdivision on the north side of Jennings Drive, east of Elmore Road. The tower was approved in 2005 for a five (5) year conditional use permit which is standard for CUP approvals in the city. This permit has since expired and with the new ownership is being submitted for a compliant conditional use permit. Per the previous application, there were to be a minimum of three (3) co locations available, a structural design which allowed for proper fall zone breaks and a proper access to and from the site. Additionally, the applicant had to prove the need for the tower in this particular location which was reviewed and approved. Since this site is an existing tower location, it stands to reason that the application was submitted with compliance back in 2005. Staff window surveyed the site as well as reviewed the submitted structural documents regarding the fall zone areas and the co-locations. Staff has also determined that the tower has not been vacated and it presently being used by multiple providers; therefore, it stands as a non-conforming tower but only due to the expiration of the permit. In its present state the tower is deemed compliant with the bulk regulations set forth in Title XIII Sec. 13-14(a-). Alderman Flores made the motion to approve a one (1) year conditional use permit with a four (4) year extension after annual review of compliance. Motion was seconded by Alderman Payne.

Roll call was as follows:

Item #2 Application by Brad Reardon requesting a Conditional Use Permit to open a full service spa at 3964 Goodman Road

Mrs. Choat-Cook stated that the applicant is requesting a conditional use permit to open a full service spa at 3964 Goodman Road on the northwest corner of Goodman Road and Malone Road. The proposal allows for a larger tenant space, approximately 6,400 sq. ft. that supports smaller privately owned businesses to locate within a shared space. Each tenant has a cosmetology background and license so the allowance for a spa keeps the overall space in compliance with the ordinance. Per the application, there will be hair services, nails, massage therapy, skincare, teeth whitening, etc. All of which fall under amenities of a spa. The Board of Alderman recently revised this ordinance to allow for a maximum of two (2) spas within the ½ distance area in an effort to ease the concerns of business owners wishing to locate in the city. Staff did a window survey to determine the distance compliance. There was a full service establishment just south of this location within the stated distance which was approved as Bloom Spa; however, there are no other spas in the stated distance vicinity. Mrs. Choat-Cook stated that the applicant has met the requirements for the conditional use and made the recommendation to approve a one (1) year permit with a four (4) year extension to be renewed annually. After hearing from Mrs. Choat-Cook, the Board of Alderman considered the following resolution:

**RESOLUTION OF THE MAYOR AND BOARD OF ALDERMEN

MAYOR'S REPORT

Rental Property Ordinance

Mayor Musselwhite stated that rental property is a nationwide problem with two main issues:

1. Large investors buying up large blocks of rental property all over the county making it difficult for people to own a home.
2. It is a statistical fact that non-owner occupied property has more maintenance and street curb appeal issues and creates more crime.

Mayor Musselwhite stated that the purpose of a rental property ordinance will not help with the first issue, but could with the second. A rental ordinance would assist with keeping a registry database for all of the rental properties in the City. There was some discussion among the Board about the fees and having to hire additional staff. Mayor Musselwhite stated that a business permit fee would be collected and used to hire additional code enforcement officers and administrative staff. Mayor Musselwhite asked that the Board to give consideration to the ordinance for a future agenda.

Medline Ribbon Cutting

Mayor Musselwhite stated that Medline will have a ribbon cutting on Thursday, May 20 at 2:00 p.m. located at 3446 Highway 51.

Law Enforcement Appreciation Event

Mayor Musselwhite stated that there will be a law enforcement appreciation event at the Snowden House on Thursday, May 20 at 10:00 a.m.

1.8 Rockwell Automation Commitment for Sales through Distribution

In submitting any purchase order, you acknowledge and agree that Rockwell Automation will be excused from performance, or delay in performance, of its obligations under this purchase order, regardless of whether a contract is currently in place governing the parties' relationship, to the extent that Rockwell Automation is unable to perform such obligations due to the effects of the COVID-19 pandemic on Rockwell Automation and/or third parties, including, without limitation, logistics and materials suppliers.

General. This Commitment ("Commitment") covers purchase by Distributor's customer ("Customer") from Distributor of the hardware, and/or software (individually a "Product" and collectively "Products"), and/or services ("Services") and/or Products and Services described and integrated pursuant to this Statement of Work (collectively as integrated pursuant to the Statement of Work, the "Work") to be provided by Rockwell Automation, Inc. and/or its affiliates ("Rockwell Automation"). Its terms are integral to the Statement of Work. In other words, Customer purchases the Work subject to the terms contained in this Commitment (as well as other terms that may be included elsewhere in the Statement of Work). These terms apply directly to Customer and Rockwell Automation. Previously negotiated and signed terms and conditions with Customer that include provisions between Rockwell Automation and Customer that are intended to apply to the sale through distribution of Products, Services, and/or Work covered by this Commitment supersede these terms.

Warranty. (a) **Warranty for the Work:** Rockwell Automation warrants to Customer for the lesser period of 18 months from delivery or 12 months from startup, that the Work will perform as stated in the Statement of Work and the Products will be free of defects in material, fabrication, and workmanship provided that: (1) the operating conditions and use of the Work are in accordance with any standards set forth in the Statement of Work, Rockwell Automation's published specifications, and applicable recommendations of Rockwell Automation; and (2) the installation, adjustment, tuning, and start-up of the Work have been properly performed in accordance with Rockwell Automation's published specifications and any applicable recommendations of Rockwell Automation. Repaired or replacement Products provided pursuant to subparagraph (d) below are similarly warranted for the longer period of six months from date of shipment or the remainder of the original warranty term.

(b) **Products Warranty:** Rockwell Automation warrants to Customer for the period of 18 months from shipment, that the Products will be free of defects in material, fabrication, and workmanship provided that: (1) the operating conditions and use of the Product are in accordance with any standards set forth in the Statement of Work, Rockwell Automation's published specifications, and applicable recommendations of Rockwell Automation; and (2) the installation, adjustment, tuning, and start-up of the Product have been properly performed in accordance with

Rockwell Automation's published specifications and any applicable recommendations of Rockwell Automation. Repaired or replacement Products provided pursuant to subparagraph (d) below are similarly warranted for the longer period of six months from date of shipment or the remainder of the original warranty term.

(c) *Services Warranty:* Rockwell Automation warrants to Customer for a period of 30 days from the date services are provided that service shall be performed in a workmanlike manner conforming to standard industry practice.

(d) *Remedies:* Remedies under this warranty will be limited to, at Rockwell Automation's discretion, replacement, repair, re-performance, modification, or issuance of a credit for the purchase price of the Products and/or Services involved, but only after Rockwell Automation's receipt of Customer's written notification of non-conforming Products, Services or Work and the return of such products pursuant to Rockwell Automation's instructions. Replacement Products, at Rockwell Automation's discretion, may be new, remanufactured, refurbished, or reconditioned. If the repair, re-performance, or replacement does not cure the defective performance, Customer may request emergency on-site service, which will be at Rockwell Automation's expense (consisting of time, travel, and expenses incurred by Rockwell Automation related to such services). If the defective performance is not due to warranted defects in the Products, Services or Work, the on-site service will be at Customer's expense. On-site warranty services performed at Rockwell Automation expense shall not include removal or reinstallation costs related to large-scale assemblies such as motors or transformers. The foregoing will be the exclusive remedies for any breach of warranty or breach of contract arising from warranted defects.

(e) *General:* Warranty satisfaction is available only if (a) Rockwell Automation is provided prompt written notice of the warranty claim, and (b) Rockwell Automation's examination discloses that any alleged defect has not been caused by misuse, neglect, improper installation, operation, maintenance, repair, alteration, or modification by other than Rockwell Automation, accident, or unusual deterioration or degradation of the Products or parts thereof due to physical environment or electrical or electromagnetic noise environment.

(f) THE ABOVE WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES AND CONDITIONS, WHETHER EXPRESSED, IMPLIED OR STATUTORY, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, INFRINGEMENT, OR FITNESS FOR A PARTICULAR USE.

Disclaimer and Limitation of Liability. NEITHER ROCKWELL AUTOMATION NOR CUSTOMER WILL BE LIABLE TO THE OTHER FOR BUSINESS INTERRUPTION OR LOSS OF PROFIT, REVENUE, MATERIALS, DATA, OR THE LIKE (WHETHER DIRECT OR INDIRECT) OR FOR ANY INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES. EACH PARTY'S MAXIMUM CUMULATIVE LIABILITY TO EACH OTHER FOR ALL OTHER CLAIMS AND LIABILITIES WILL NOT EXCEED THE LESSER OF US\$1,000,000 OR THE COST OF THE WORK. ROCKWELL AUTOMATION DISCLAIMS ALL LIABILITY FOR TO GRATUITOUS ASSISTANCE PROVIDED BY ROCKWELL AUTOMATION BUT NOT REQUIRED BY THE STATEMENT OF WORK. Software Licenses and Ownership. (a) *Standard Software.* Software comprised of firmware or standard software (including, but not limited to packaged software, Rockwell Automation's preexisting templates, models and library files, and commercially available software) (collectively "Standard Software") is subject to Customer's acceptance of additional terms and conditions set forth in separate Rockwell Automation or third-party click-wrap license agreements provided with such Standard Software. Such terms and conditions shall be the exclusive terms and conditions applicable to such Standard Software, excluding Customer's obligation to pay any license fee which shall be identified in the Statement of Work.

Customer is solely responsible for its modifications to documentation and Application Software. Except for any Customer or third-party confidential information, Rockwell Automation retains all right, title, and interest to documentation and Application Software developed by Rockwell Automation. Customer shall not sublicense or assign the documentation or the Application Software except to a customer who purchases the Work from Customer. Customer may make an additional archival copy of such documentation and Application Software for backup.

(c) In the absence of a separate Rockwell Automation license agreement for software provided by Rockwell Automation under a Statement of Work, Rockwell Automation hereby grants Customer a non-exclusive, non-transferable license to use such software solely in conjunction with the Work for the project identified in the Statement of Work without the right to sublicense, disclose, disassemble, decompile, reverse engineer, or otherwise modify the software (except for modifications of Application Software as set forth above). Ownership of the respective Rockwell Automation or third-party software shall remain with Rockwell Automation or the third party.

(d) *Ownership of Pre-existing Intellectual Property.* Each party shall own all right, title, and interest in all patents, trademarks, copyrights, confidential information, trade secrets, mask rights, and other intellectual property rights as it owned on the date of this Agreement.

(a) During the term of this Commitment and for a period of three years thereafter, each party will maintain in strict confidence all technical and business data and information disclosed by one party to the other that is marked "Confidential" and will not use or reveal such information without the prior written authorization of the other.

(b) The obligations of confidentiality and non-use will not apply to information (i) that is published or becomes part of the public domain other than by means of a breach of this Commitment; (ii) that a party can prove by written documentation was known to it prior to disclosure by the other party; (iii) that a party subsequently rightfully receives from a third party without an obligation of confidentiality; (iv) that a party discloses to a third party on a non-confidential basis; or (v) that was independently developed by the receiving party.

(c) Each party will take reasonable precautions to instruct its employees and consultants of its obligation under this section. Additionally, each party shall protect the exchanged information of the other against unauthorized use or disclosure with the same degree of care as it accords its own proprietary information of a similar type, but not less than reasonable care.

(d) Disclosure of confidential information will not be precluded if it is: (i) in response to a valid order of a court or governmental body of the United States or any political subdivision thereof; provided, however, that the disclosing party will first have made a reasonable effort to obtain a protective order requiring that the confidential information be used only for the purpose for which the order was issued; or (ii) otherwise required by law.

Delivery. Ex Works Rockwell Automation's plant or warehouse (per current Incoterms) or as otherwise specified in the Statement of Work (Delivery). **ORDINANCE OF THE CITY OF SOUTHAVEN, MISSISSIPPI REGULATING
ESTABLISHMENTS WHICH SELL OR ALLOW CONSUMPTION OF
LIGHT WINE AND BEER**

WHEREAS, the Mayor and Board of Aldermen of the City of Southaven ("City") are empowered to make regulations to serve the general health of the municipality pursuant to Section 21-19-1 of the Mississippi Code Annotated (1972); and

WHEREAS, the Mayor and Board of Aldermen of the City are empowered to adopt any orders, resolutions or ordinances with respect to the care, management and control of municipal affairs and its property and finances for which no provision has been made by general law and which are not inconsistent with existing law pursuant to Section 21-17-5 of the Mississippi Code Annotated (1972); and

WHEREAS, municipalities are authorized to make proper rules and regulations and are empowered to prescribe hours for the opening and closing of establishments serving beer and light wines and for such other measures as will promote public health, morals and safety, pursuant to Section 67-3-65 of the Mississippi Code Annotated (1972); and

WHEREAS, the Mississippi Legislature has recognized the danger of unlimited consumption of light wine and beer to public health in Section 67-3-53 of the Mississippi Code Annotated (1972); and

WHEREAS, the Alcoholic Beverage Control Division of the Mississippi Department of Revenue also has recognized the danger of unlimited consumption of alcoholic beverages to the public health in the adoption of certain Regulations, which regulations provide for limited hours of sale and consumption of alcoholic beverages; and

WHEREAS, having investigated, studied and discussed the matter, the Mayor and Board of Aldermen find as follows:

1. The consumption of light wine and beer in public and private commercial establishments increases the likelihood, danger and severity of motor vehicular accidents, public disturbances and malicious mischief if consumption is allowed to continue without a time restraint;
2. Holders of on-premises permits for retail sale of

light wine and beer should be prohibited from selling or permitting the consumption on the premises of the same after 2:00 a.m. or as otherwise provided by ordinance;

3. The consumption of light wine and beer at public and private commercial establishments between the hours of 2:00 a.m. and 7:00 a.m. is a present danger to the public health, morals, safety and welfare, as stated herein;
4. The closing of all public and private commercial establishments heretofore allowing the consumption of light wine and beer after 2:00 a.m. is necessary to rationally and reasonably address the danger to the public health, morals, safety and welfare, and regulation of the hours during which light wine and beer may be consumed in public and private commercial establishments is reasonably related to the promotion of the public health, morals, safety and welfare and is not oppressive, arbitrary or discriminatory.

WHEREAS, the Board finds and determines that the prohibitions contained herein are the most reasonable and minimal restrictions required so as to regulate conduct which is adverse to public order, health, morality, and decency within the City when such conduct takes place at locations where the public is present or is likely to be present, or where such conduct would be readily visible to the public.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Board of Aldermen of the City of Southaven, Mississippi as follows:

Conditional Permit Use Staff Report

Date of Hearing:	April 25, 2022
Public Hearing Body:	Planning Commission
Applicant:	Global Signal Acquisitions IV, LLC 2000 Corporate Drive Canonsburg, PA 15317 205-250-8304
Total Acreage:	NA
Existing Zone:	Planned Commercial (C-4)
Location of Conditional Use Application:	633 Goodman Road
Requirements for CUP:	
Title XIII Section 13-14	
Comprehensive Plan Designation:	Planned Commercial (C-4)
Staff Comments: The applicant is requesting to renew the conditional use permit for a monopole tower located at 633 Goodman Road in the Rayburn Subdivision on the north side of Jennings Drive, east of Elmore Road. The tower was approved in 2005 for a five (5) year conditional use permit which is standard for CUP approvals in the city. This permit has since expired and with the new ownership is being submitted for a compliant conditional use permit. Per the previous application, there were to be a minimum of three (3) co locations available, a structural design which allowed for proper fall zone breaks and a proper access to and from the site. Additionally, the applicant had to prove the need for the tower in this particular location which was reviewed and approved.	
Staff Recommendations: Since this site is an existing tower location, it stands to reason that the application was submitted with compliance back in 2005. Staff window surveyed the site as well as reviewed the submitted structural documents regarding the fall zone areas and the co-locations. Staff has also determined that the tower has not been vacated and it presently being used by multiple providers; therefore, it stands as a non-conforming tower but only due to the expiration of the permit. In its present state the tower is deemed compliant with the bulk regulations set forth in Title XIII Sec. 13-14(a-). Staff has no comment and recommends approval of a one (1) year conditional use permit with a four (4) year extension after annual review of compliance.

CITY OF SOUTHAVEN, MISSISSIPPI

BY: 
DARREN MUSSELWHITE, MAYOR

ATTEST:

CITY CLERK

City of Southaven
Office of Planning and Development
Conditional Permit Use Staff Report

Date of Hearing:	April 25, 2022
Public Hearing Body:	Planning Commission
Applicant:	3964 Goodman Road Suite 122
Total Acreage:	NA
Existing Zone:	Planned Commercial (C-4)
Location of Conditional Use Application:	Northwest corner of Goodman Road and Malone Road
Requirements for CUP:	
<i>"A maximum of two (2) barber shops, hair/beauty salons, hair studios, spa (full service), nail salons, tanning salons and hair braiding establishments/wigology establishments may locate in the stated zones with the stated requirements so long as two existing establishments of the same classification are not currently located within a half mile (1/2) radius of the newly proposed establishment."</i>	
Comprehensive Plan Designation:	Planned Commercial (C-4)
Staff Comments: The applicant is requesting a conditional use permit to open a full service spa at 3964 Goodman Road on the northwest corner of Goodman Road and Malone Road. The proposal allows for a larger tenant space, approximately 6,400 sq. ft. that supports smaller privately owned businesses to locate within a shared space. Each tenant has a cosmetology background and license so the allowance for a spa keeps the overall space in compliance with the ordinance. Per the application there will be hair services, nails, massage therapy, skincare, teeth whitening, etc. All of which fall under amenities of a spa.	
Staff Recommendations: The Board of Alderman recently revised this ordinance to allow for a maximum of two (2) spas within the ½ distance area in an effort to ease the concerns of business owners wishing to locate in the city. That being said, staff did a window survey to determine the distance compliance. There was a full service establishment just south of this location within the stated distance which was approved as Bloom Spa; however, there are no other spas in the stated distance vicinity. The applicant has met the requirements for the conditional use; therefore, staff recommends approval of a one (1) year permit with a four (4) year extension to be renewed annually.

2. **Purchase and Sale.** Subject to the provisions of this Agreement, Seller agrees to sell the Property to Buyer for the Purchase Price, and Buyer agrees to purchase the Property from Seller for the Purchase Price. If Buyer is not satisfied with the Property (or any aspect thereof whatsoever, including, without limitation, title, condition, survey-related matters, appearance, or otherwise) for any reason or no reason, in its sole, subjective discretion, it may terminate this Agreement by providing written notice of termination to Seller (and actually received by Seller) during the Due Diligence Period, in which event Buyer shall receive a refund of the Deposit, and the Parties shall be released from any further liabilities or obligations hereunder, with the exception of those liabilities and obligations which survive the termination hereof.

5. **Title.** Seller shall cause all deeds of trust and other monetary encumbrances in favor of Seller's lender(s) (collectively, "Monetary Encumbrances") to be cancelled of record (or the Property to be released therefrom). The Closing shall be conducted by the Closing Agent, and the Closing may take place without the necessity of the Parties being physically present or face-to-face at the Closing.

7. **Closing Deliveries.**

(a) At the Closing, Seller shall deliver to Buyer (signed, dated, and/or notarized, as applicable) (i) the Deed, (ii) a settlement statement reflecting the transactions occurring at the Closing, (iii) a standard seller's/owner's affidavit required in connection with Buyer's title insurance policy, if any (provided that such affidavit will not require Seller to make any statements outside of its current, actual knowledge, without duty to investigate or to indemnify any insurance company or other third party), and (iv) any and all documents required of Seller under the terms of this Agreement.

(b) At the Closing, Buyer shall deliver to Seller (signed, dated, and/or notarized, as applicable) (i) the Purchase Price, subject to any adjustments and prorations provided herein, (ii) a settlement statement reflecting the transactions occurring at the Closing, and (iii) any and all documents required of Buyer under the terms of this Agreement.

9. **Default; Remedies.** Except as otherwise provided herein, if Buyer defaults with respect to its obligations under this Agreement for any reason other than Seller's default, Seller may, at its option, either

Except as otherwise provided herein, if Seller defaults with respect to its obligations under this Agreement for any reason other than Buyer's default, Buyer may, at its option, either (i) waive the default, (ii) terminate this Agreement and receive a refund of the Deposit as liquidated damages in full settlement of all claims, or (iii) pursue specific performance. To the extent permitted by Mississippi law, these shall be the sole remedies of the Parties in the event of a default, but nothing contained in this section shall be deemed to diminish or otherwise affect any release, indemnification, or defense obligations expressly set forth in this Agreement.

10. Brokers. Seller and Buyer represent and warrant, each to the other, that it has taken no action that would entitle any broker, agent, or finder to any commission or other fee in connection with this Agreement or the transactions contemplated hereby, and Seller and Buyer shall each indemnify (to the fullest extent permitted by applicable law) the other from all loss and liability (including reasonable attorneys' fees) resulting from a breach of such representation and warranty by such indemnifying Party (the indemnification obligation contained in this section applies to Buyer only to the extent Buyer's immunity from any such loss or liability can be or has been waived pursuant to the Mississippi Tort Claims Act, as amended). The provisions hereof shall survive the Closing.

11. Assignment. No Party shall have the right or power to assign this Agreement without the prior written consent of the other Party, which may not be unreasonably withheld.

12. Disclaimers.

(a) The Property is sold by Seller and purchased by Buyer "AS IS, WHERE IS," without recourse or warranty, either expressed or implied, arising by operation of law or otherwise, including, without limitation, any warranties of or related to habitability, merchantability, fitness for a particular purpose, condition, legal compliance, zoning, compliance with requirements and restrictions (private or governmental), developability, legal descriptions, boundaries, surveys, utilities, value, marketability, occupancy, leases, renewals, terms, tenancy, vacancy, defaults, quality, environmental condition, wetlands status, elevation, drainage, access, usability, condition, or hidden/latent defects, all of which are disclaimed by Seller and fully waived by Buyer. (c) To the extent permitted by Mississippi law, Buyer waives and releases Seller and all affiliated and associated companies from all claims, demands, federal, state, and local laws, ordinances, rules, and regulations relating to Hazardous Substances on or under the Property ("Hazardous Substance Claims"). Further, Buyer hereby agrees to defend, indemnify (to the fullest extent permitted by applicable law), and hold Seller harmless with respect to all Hazardous Substances Claims (to the extent Buyer's immunity from any such Hazardous Substances Claims can be or has been waived pursuant to the Mississippi Tort Claims Act, as amended). "Hazardous Substances" shall mean any chemical, substance, waste, material, or constituent that is deemed, now or in the future, hazardous, toxic, a pollutant, or a contaminant under any current or future federal, state, or local law, ordinance, rule, regulation, or judicial or administrative order or decision relating to protection of public health, safety, or the environment, and includes, without limitation, any material or substance that is (i) defined as a hazardous substance under any law of the State of Mississippi, (ii) petroleum or petroleum-containing, (iii) asbestos or asbestos-containing, (iv) designated as a "hazardous substance" under the Federal Water Pollution Control Act, 33 U.S.C. (d) Seller shall have no duty or obligation to provide Buyer with any certain documents, information, financial data, statements, or communications with respect to the Property, or otherwise, and Buyer hereby waives any right thereto. Any document, agreement, information, financial data, statement, or communication provided by or on behalf of Seller, whether past, present, or future, are provided only as a courtesy, and Seller makes no (and disclaims all) representations, warranties, guaranties, or certifications related thereto, whether related to their completeness, reliability, accuracy, terms, content, parties thereto, legal enforceability, currentness, or otherwise, all of which are waived by Buyer. Buyer represents and warrants that it will, prior to the expiration of the Due Diligence Period, thoroughly review (or have independent legal counsel thoroughly review) any documents, information, agreements, financial data, statements, and communications provided by or on behalf of Seller, without reliance on Seller or any party acting for Seller.

(e) Buyer has been advised to consult with its own independent, third-party attorney regarding the terms of this Agreement and the transactions contemplated hereby. survive the Closing and consummation of the transactions contemplated hereby. Certain provisions of this section shall be attached to the Deed in substantially the form attached hereto as Exhibit B.

13. **Notice.** Each Party giving any notice or other communication (each, a "Notice") pursuant to this Agreement shall: (i) give the Notice in writing; and (ii) use one of the following methods of delivery, each of which for purposes of this Agreement is a writing: (a) personal delivery; (b) nationally recognized overnight courier, with all fees prepaid; (c) certified mail, return receipt requested; or (d) e-mail. 14. **Escrow Agent.**

(a) Closing Agent will serve as the escrow agent for the transaction contemplated by this Agreement. The Deposit shall be made to, and shall be held by, Closing Agent for the accommodation of Buyer and Seller, in a non-interest bearing account. Closing Agent shall deliver the Deposit (a) to the person/entity entitled thereto in accordance with the terms of this Agreement, as interpreted by Closing Agent, or (b) to Seller or Buyer upon receipt of a written demand therefor signed by such requesting Party stating the reason for such demand; provided, however, that Closing Agent shall not honor such demand until at least five calendar days after the date on which Closing Agent has sent a copy of such demand to the other Party; nor thereafter if Closing Agent receives written notice of objection from such other Party. If Closing Agent receives written notice of objection within the time prescribed, Closing Agent shall refuse to comply with any claims or demands on it, and shall continue to hold the Deposit until Closing Agent receives either a written notice signed by all Parties directing the disbursement of the Deposit, or a final, non-appealable order by a court of competent jurisdiction, entered in a proceeding in which the Parties and Closing Agent are named as parties, directing the disbursement of the Deposit, in either of which events Closing Agent shall then disburse the Deposit in accordance with such direction. Closing Agent shall not be liable for its refusal to comply with any such claims and demands unless it has received such direction as provided herein. Upon compliance with such direction, Closing Agent shall be released of and from all liability under this Agreement, unless caused by its gross negligence, willful and tortious misconduct, or bad faith.

(b) This section shall exclusively govern the rights and obligations of Closing Agent with respect to the Deposit, and in the event of a conflict between the other terms of this Agreement and the terms of this section, the terms of this section shall supersede and control. Closing Agent shall not have any duties or responsibilities except those specifically set forth in this section, and, absent gross negligence, willful and tortious misconduct, or bad faith, shall not incur any liability in acting upon any signature, notice, demand, request, waiver, consent, receipt, writing, instrument, or document believed by Closing Agent to be genuine. Closing Agent shall be obligated only for the performance of such duties as are specifically set forth in this section, being purely ministerial in nature. Nothing contained herein shall be deemed to obligate Closing Agent to pay or transfer any monies hereunder unless and until such funds are received by Closing Agent and are considered by Closing Agent to be immediately available. Funds delivered to Closing Agent by check or other means other than electronic transfer may be considered not immediately available for such period of time as Closing Agent reasonably determines.

(c) Closing Agent shall have no liability for any loss arising from any cause beyond its control, including, without limitation, (i) the act, failure, neglect, or insolvency of any financial institution, (ii) any delay, error, omission, or default related to the remittance of funds, (iii) any delay, error, omission, or default of any notice or delivery, or (iv) the acts of any government or governmental agency. Further, Closing Agent shall have no liability for any claim, loss, or liability of any sort, regardless of cause, except as resulting from the gross negligence, willful and tortious misconduct, or bad faith of Closing Agent. To the extent that any Party alleges that Closing Agent breached its duties or responsibilities, including any allegation of gross negligence, willful and tortious misconduct, or bad faith, such allegation, dispute, or claim against Closing Agent shall be submitted to binding arbitration before the American Arbitration Association in Jackson, Mississippi in accordance with the prevailing Commercial Rules of the American Arbitration Association. The

arbitration panel shall consist of three members, one of whom shall have five years' experience in the sale of commercial property, and one of whom shall be a retired federal or state district court judge.

(d) In the event of any dispute or litigation related to this Agreement or the Deposit, the Parties, solidarily and jointly and severally, agree to hold Closing Agent harmless from, and indemnify (to the fullest extent permitted by applicable law) and defend Closing Agent for, the payment of any cost or other expenses that may be involved in said dispute/litigation (including reasonable legal fees and expenses of attorneys chosen by Closing Agent, which may include Closing Agent's own costs using its usual billing rates for attorneys employed by Closing Agent), and from and for any and all loss, damage, tax, liability, and expense that may be incurred by Closing Agent arising out of or in connection with its acceptance or appointment as escrow agent, including, without limitation, such liability arising from the negligence of Closing Agent, except for the gross negligence, willful and tortious misconduct, or bad faith of Closing Agent (the indemnification obligations contained in this subsection applies to Buyer only to the extent Buyer's immunity from any such payment, loss, damage, tax, and liability can be or has been waived pursuant to the Mississippi Tort Claims Act, as amended).

(e) For purposes of this section, Seller shall be referred to as Client ("Client"), and Buyer shall be referred to as Non-Client ("Non-Client"). Non-Client acknowledges that Closing Agent represents and is acting in a separate capacity as counsel for Client in connection with the transaction contemplated by this Agreement and otherwise. Non-Client acknowledges that his/her/its individual interests may differ from the interests of Client, that Non-Client has the right, and had the opportunity, to consult with its own, independent counsel in connection with the transaction described herein. Non-Client acknowledges such disclosure and consents to the representation of Client by the law firm of Phelps Dunbar, L.L.P. Non-Client acknowledges that Closing Agent will not undertake any obligation to protect Non-Client's interest in connection with the transaction described herein. In the event that a dispute arises in connection with the transaction contemplated by this Agreement or any other relationship among Non-Client and Client, Non-Client acknowledges that Phelps Dunbar, L.L.P. has the right to continue to represent Client and hereby waives any conflicts of interest that may arise. Non-Client agrees that Closing Agent may continue to represent Client in connection with any dispute over entitlement to the Deposit. Non-Client represents and warrants that it has sought its own and separate legal counsel with respect to its review, execution, and delivery of this Agreement, including this section. Non-Client agrees that neither the services of Closing Agent under this Agreement nor any provision hereof, either expressed or implied, shall restrict or inhibit Closing Agent in any way from representing Client in any action, dispute, controversy, arbitration, suit, or negotiation arising under this Agreement, or under other related agreements, whether or not involving the Parties.

(i) Waiver. Any waiver of any of the provisions hereof must be in writing and signed by the waiving Party. Further, one or more waivers of the breach of any provision hereof shall not be construed as a waiver of a subsequent breach of the same or any other provision hereof.

EXHIBIT A

- 1) Land uses that tend to signal economic distress or poverty, such as payday loans, cash for title, check advance, pawn shops, rent to own, and similar establishments.
- 2) Buildings, including residential structures, that are excessively similar or dissimilar such that if constructed they would interrupt or prohibit the accomplishment of a genuine, identifiable and pleasing character of development. This is not to prevent the establishment of a particular development theme.
- 3) Big box retail developments. This style of development requires such expansive parking areas and is so bulky that it does not lend itself to pedestrian friendly design characteristics.
- 4) Concentrations of residential rental property. Concentrations of residential rental property typically occur in the form of traditional apartment complexes¹⁵. Such developments should be avoided due to the long-term difficulties of property maintenance and upkeep and absentee ownership.
- 5) An absence of functional and inviting civic spaces. Civic spaces provide areas for social interaction at various levels. Simply making "space" is not enough. Effective "space" must be well designed, attractive, functional, and most importantly there must intentional activities to draw people into the civic space and create a positive public perception.

Medical Uses

The medical uses land use classification is intended to encourage the further development of health care, medical service and related uses, including medical marijuana, near each other for the convenience of those seeking such services. This classification is anchored by the presence of Baptist Memorial Hospital-DeSoto and the many existing medically related land uses in the area.

Service Commercial

Medical marijuana dispensaries

This land use classification is intended to accommodate a variety of commercial uses bearing characteristics distinctly different from traditional retail commercial enterprises. As the name suggests, service commercial uses are related to the provision of a service, but not to the exclusion of some retail activity.

Characteristics of the land uses appropriate for this classification include outdoor storage of vehicles, equipment or goods, as opposed to outdoor display of products for sale. Examples of the types of uses appropriate for this district include, but are not limited to, contractor's offices, upholstery shop, automotive/RV/ATV accessories and customization, hardware, building supply, machine shop, body shop, equipment/tool rental, appliance repair, tire shop, oil change/quick lube, and others.

Southaven should employ rigorous review standards for these uses to ensure high quality development and compatibility with surrounding uses. The operating nature of potential uses could become a nuisance, and outdoor storage can be an eyesore if not properly screened.

Commercial / Retail

This land use category is designed to accommodate commercial uses conducted either indoors or outdoors and located in areas where business

This area is generally situated within the boundaries of major street systems, in close proximity to the hospital and not adjacent to any residential areas. “Chart 4. II. CONSTRUCTION SERVICES

- A. General Administration of Construction Services.
 - 1. The ENGINEER shall consult with and advise OWNER and act as OWNER'S representative; shall issue all instructions of OWNER to Contractor; and shall act as initial interpreter of the Contract Documents and judge of the acceptability of the work thereunder.
- B. Visits to Site and Observation of Construction.
 - 1. The ENGINEER shall make visits to the site at intervals appropriate to the various stages of construction as he deems necessary in order to observe as an experienced and qualified design professional the progress and quality of the various aspects of Contractor's work. Based on information obtained during such visits and on such observations, the ENGINEER shall endeavor to determine in general if such work is proceeding in accordance with the Contract Documents and shall keep OWNER informed of the progress of the work. The purpose of the ENGINEER'S visits to the site will be to enable him to carry out the duties and responsibilities assigned to and undertaken by him during the Construction Phase, and, in addition, through his experience as a qualified design professional, to provide for OWNER a greater degree of confidence that the completed work of Contractor will conform generally to the Contract Documents and that the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents has been implemented and preserved by Contractor. On the other hand, the ENGINEER shall not, during such visits or as a result of such observations of Contractor's work in progress, supervise, direct or have control over Contractor's work; nor shall the ENGINEER have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by Contractor, for safety precautions and programs incident to the work of Contractor or for any failure of Contractor to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor's furnishing and performing the work. Accordingly,

the ENGINEER can neither guarantee the performance of the construction contract by Contractor nor assume responsibility for Contractor's failure to furnish and perform his work in accordance with the Contract Documents.

2. Defective Work. During such site visits and on the basis of such observations, the ENGINEER may recommend to the OWNER disapproval or rejection of Contractor's work if the ENGINEER believes that such work will not produce a completed Project which conforms generally with the Contract Documents or that it will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents.

3. Clarifications and Interpretations; Change Orders. The ENGINEER shall issue necessary clarifications and interpretations of the Contract Documents as appropriate to the orderly completion of the work. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents. In connection therewith, if appropriate, the ENGINEER shall recommend Change Orders to OWNER and shall prepare Change Orders as required.

4. Shop Drawings. The ENGINEER shall review and approve (or take other appropriate action in respect of) Shop Drawings, samples and other data which Contractor is required to submit, but only for conformance with the design concept of the completed Project as a functioning whole as indicated in the Contract Documents and compliance with the information given in the Contract Documents. Such reviews and approvals or other action shall not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto.

5. Substitutes. The ENGINEER shall evaluate and determine the acceptability of substitute, or "or-equal" materials and equipment proposed by Contractor.

6. Inspections and Tests. The ENGINEER shall have authority, as OWNER'S representative, to require special inspection or testing of the work, and shall receive and review all certificates of inspections, testings and approvals required by laws, rules, regulations, ordinances, codes, orders or the Contract Documents (but only to determine generally that their content complies with the requirements of, and the results certified indicate compliance with, the Contract Documents).

7. Applications for Payment. Based on the ENGINEER'S on-site observations as an experienced and qualified design professional and on review of applications for payment and the accompanying data and schedules:

a) The ENGINEER shall determine the amounts owed to Contractor and recommend in writing payments to Contractor in such amounts. Such recommendations of payment will constitute a representation to OWNER, based on such observations and review, that the work has progressed to the point indicated, and that, to the best of the ENGINEER'S knowledge, information and belief, the quality of such work is generally in accordance with the Contract Documents. In the case of unit price work, the ENGINEER's recommendations of payment will include final determinations of quantities and classification of such work (subject to any subsequent adjustments allowed by the Contract Documents).

b) By recommending any payment, the ENGINEER shall not thereby be deemed to have represented that on-site observations made by the ENGINEER to check the quality or quantity of Contractor's work as it is performed and furnished have been exhaustive, extended to every aspect of the work in progress, or involved detailed inspections of the work beyond the responsibilities specifically assigned to the ENGINEER in this Agreement and the Contract Documents. The ENGINEER'S review of Contractor's work for the purposes of recommending payments will not impose on the ENGINEER responsibility to supervise, direct or control such work or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto or Contractor's compliance with laws, rules, regulations, ordinances, codes or orders applicable to their furnishing and performing the work. It will also not impose responsibility on the ENGINEER to make any examination to ascertain how or for what purposes any Contractor has used the monies paid on account of the contract price, or to determine that title to any of the work, materials or equipment has passed to OWNER free and clear of any lien, claims, security interests or encumbrances, or that there may not be other matters at issue between OWNER and Contractor that might affect the amount that should be paid.

8. Contractor's Completion Documents. The ENGINEER shall receive, review and transmit to OWNER with written comments maintenance and operating instructions, schedules, guarantees, bonds and certificates of inspection, tests and approvals which are to be assembled by Contractor in accordance with the Contract Documents (but such review will only be to determine that their content complies with the requirements of the Contract Documents); and shall transmit them to OWNER with written comments.

9. Substantial Completion. Following notice from Contractor that Contractor considers the entire work ready for its intended use, the ENGINEER and OWNER, accompanied by Contractor, shall conduct an inspection to determine if the work is substantially complete. If, after considering any objections of OWNER, the ENGINEER considers the work substantially complete, the ENGINEER shall deliver a certificate of substantial completion to OWNER and Contractor.

10. Final Notice of Acceptability of the Work. The ENGINEER shall conduct a final inspection to determine if the completed work of Contractor is acceptable so that the ENGINEER may recommend, in writing, final payment to Contractor. Accompanying the recommendation for final payment, the ENGINEER shall also provide a notice that the work is acceptable to the best of the ENGINEER's knowledge, information and belief and based on the extent of the services performed and furnished by the ENGINEER under this Agreement.

11. Record Documents. Upon completion of the work, the ENGINEER shall compile for and deliver to the OWNER a complete set of record documents conforming to information furnished to the ENGINEER by the Contractor. This set of documents shall consist of record specifications and reproducible record drawings showing the reported location of the work. In that record documents are based on information provided by others, the ENGINEER cannot and does not warrant their accuracy.

12. Limitation of Responsibilities. The ENGINEER shall not be responsible for the acts or omissions of any Contractor, or of any subcontractor, any supplier, or of any other person or organization at the site or otherwise furnishing or performing any of the work. The ENGINEER shall not be responsible for Contractor's failure to perform or furnish the work in accordance with the Contract Documents.

13. Progress Meetings and Reports. During construction, the ENGINEER will schedule and conduct monthly progress meetings with the OWNER, Contractor and appropriate subcontractors, if any, to discuss progress, scheduling problems, conflicts and observations of all parties involved. The ENGINEER shall also prepare minutes of the meeting. The ENGINEER shall also prepare a construction progress report monthly which shall be submitted to OWNER by the 10th day of each month for the preceding month's work. This report shall accompany the Contractor's and the ENGINEER'S monthly payment requests.

14. Duration of Construction Phase. The Construction Phase will commence with the execution of the construction contract for the Project or any part thereof and will terminate upon written recommendation by the ENGINEER of final payment and submission of record documents to OWNER.

C. Resident Project Representative.

1. The ENGINEER shall furnish a Resident Project Representative (RPR), assistants and other field staff to assist the ENGINEER in observing progress and quality of the work of the Contractor.

2. Through more extensive on-site observations of the work in progress and field checks of materials and equipment by the RPR and assistants, the ENGINEER shall endeavor to provide further protection for OWNER against defects and deficiencies in the work of the Contractor; but, the furnishing of such services will not make the ENGINEER responsible for or give him control over construction means, methods, techniques, sequences or procedures or for safety precautions or programs, or responsibility for Contractor's failure to perform the work in accordance with the Contract Documents.

3. The duties and responsibilities of the RPR are limited to those of the ENGINEER in his agreement with the OWNER and in the construction Contract Documents, and are further limited and described as follows:

- a) RPR is the ENGINEER'S agent at the site and will act as directed by and under the supervision of the ENGINEER and will confer with the ENGINEER regarding RPR's actions.

RPR's dealings in matters pertaining to the on-site work shall in general be with the ENGINEER and Contractor keeping OWNER advised as necessary. RPR's dealings with subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with OWNER with the knowledge of and under the direction of the ENGINEER.

- b) Schedules. Review the progress schedule and schedule of Shop Drawing submittals prepared by Contractor and consult with the ENGINEER concerning acceptability.
- c) Conferences and Meetings. Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences and other project-related meetings, and prepare and circulate copies of minutes thereof.
- d) Liaison. Serve as the ENGINEER'S liaison with Contractor, working principally through Contractor's superintendent and assist in understanding the intent of the Contract Documents; and assist the ENGINEER in serving as OWNER'S liaison with Contractor when Contractor's operations affect OWNER'S on-site operations.
- e) Assist in obtaining from OWNER additional details or information, when required for proper execution of the work.
- f) Record date of receipt of Shop Drawings and samples.
- g) Receive samples which are furnished at the site by Contractor and notify the ENGINEER of availability of samples for examination.
- h) Advise the ENGINEER and Contractor of the commencement of any work requiring a Shop Drawing or sample if the submittal has not been approved by the ENGINEER.
- i) Review of Work, Rejection of Defective Work, Inspections and Tests
- j) Conduct on-site observations of the work in progress to assist the ENGINEER in determining if the work is in general proceeding in accordance with the Contract Documents.
- k) Report to the ENGINEER whenever RPR believes that any work will not produce a completed Project that conforms generally to the Contract Documents or will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise the ENGINEER of work that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.
- l) Verify that tests, equipment and systems startups and operating and maintenance training are conducted in the presence of appropriate personnel, and that Contractor maintains adequate records thereof; and observe, record and report to the ENGINEER appropriate details relative to the test procedures and startups.
- m) Accompany visiting inspectors representing public or other agencies having jurisdiction over the Project, record the results of these inspections and report these results to the ENGINEER.
- n) Interpretation of Contract Documents. Report to the ENGINEER when clarifications and interpretations of the Contract Documents are needed and transmit to Contractor clarifications and interpretations as issued by the ENGINEER.
- o) Modifications. Consider and evaluate Contractor's suggestions for modifications in Drawings or Specifications and report with RPR's recommendations to the ENGINEER. Transmit to Contractor in writing decisions as issued by the ENGINEER.
- p) Maintain at the job site orderly files for correspondence, reports of job conferences, Shop Drawings and samples, reproductions of original Contract Documents including all addenda, Change Orders, additional Drawings issued subsequent to the execution of the

contract, the ENGINEER'S clarifications and interpretations of the Contract Documents, progress reports, Shop Drawing submittals received from and delivered to Contractor and other Project related documents.

- q) Prepare a daily report or keep a diary or logbook, recording Contractor's hours on the job site, weather conditions, data relative to questions of Change Orders or changed conditions, list of job site visitors, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to the ENGINEER.
- r) Record names, addresses and telephone numbers of all Contractors, subcontractors and major suppliers of materials and equipment.
- s) Furnish the ENGINEER periodic reports as required of progress of the work and of Contractor's compliance with the progress schedule and schedule of Shop Drawings and sample submittals.
- t) Consult with the ENGINEER in advance of scheduled major tests, inspections or start of important phases of the work.
- u) Draft and recommend to the ENGINEER proposed Change Orders, obtaining backup material from Contractor.
- v) Report immediately to the ENGINEER and OWNER the occurrence of any accident.
- w) Payment Requests. Review applications for payment with Contractor for compliance with the established procedure for submission and forward with recommendations to the ENGINEER, noting particularly the relationship of the payment requested to the work completed and materials and equipment delivered at the site but not incorporated in the work.
- x) Certificates, Maintenance and Operation Manuals. During the course of the work, verify that certificates, maintenance and operation manuals and other data required to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have this material delivered to the ENGINEER for review and forwarding to OWNER prior to final payment for the work.
- y) Before the ENGINEER certifies substantial completion, submit to Contractor a list of observed items requiring completion or correction.
- z) Observe whether Contractor has performed inspections required by laws, rules, regulations, ordinances, codes, or orders applicable to the work, including but not limited to those to be performed by public agencies having jurisdiction over the work.
