

## **Build Out Line Under 8 and Under 10 Age Groups**

- The build out line promotes playing the ball out of the back in a less pressured setting.
- When the goalkeeper has the ball in his or her hands during play from the opponent, the opposing team must move behind the build out line until the ball is put into play
- Once the opposing team is behind the buildout line, the goalkeeper can pass, throw, or roll the ball into play (punts and drop kicks are not allowed)
- After the ball is put into play by the goalkeeper, the opposing team can cross the build out line and play resumes as normal
- The opposing team must also move behind the build out line prior to a goal kick and may only cross the build out line once the ball has left the penalty area
- If a goalkeeper punts or drop kicks the ball, an indirect free kick should be awarded to the opposing team from the spot of the offense
- If the punt or drop kick occurs within the goal area, the indirect free kick should be taken on the goal areal line parallel to the goal line at the nearest point to where the infringement occurred
- The build out line will also be used to denote where offside offenses can be called
- Players cannot be penalized for an offside offense between the halfway line and the build out line
- Players can be penalized for an offside offense between the build out line and goal line
- Ideally, the goalkeeper will wait to put the ball into play once all opponents are past the build out line
- However, the goalkeeper can put the ball into play sooner but he or she does so accepting the positioning of the opponents and the consequences of how play resumes

### **Build Out Line Practical Applications**

- To support the intent of the development rule, coaches and referees should be mindful of any intentional delays being caused by opponents not retreating in a timely manner or encroaching over the build out line prior to the ball being put into play
- Coaches are responsible for addressing these types of issues with their players
- Referees can manage the situation with misconduct if deemed appropriate
- Referees should be flexible when enforcing the 6 second rule and counting the time of possession should only begin when all opponents have moved the behind the build out line
